

Best in BIO

The best that nature has to offer – ongoing quality checks and a monitoring by the „BIO Grünstempel Ökoprüfstelle“, a recognized certification body for eco-friendly agricultural products, ensure the consistently high degree of eco-friendliness.

As with all DÜBÖR products, the high-quality ingredients are odor- and taste-neutral, exempt from labeling requirements, and 100 % plant-based.

Trennaktiv Bio 200

Bio lubricating oil for all baking moulds and -trays

applied sparingly

neutral smell and taste

optimal release

no need for declaration

continuous quality controls
