

Best in BIO

The best that nature has to offer – ongoing quality checks and a monitoring by the „BIO Grünstempel Ökoprüfstelle“, a recognized certification body for eco-friendly agricultural products, ensure the consistently high degree of eco-friendliness.

As with all DÜBÖR products, the high-quality ingredients are odor- and taste-neutral, exempt from labeling requirements, and 100 % plant-based.

Bio ST-Öl

Bio lubricating oil for breadcutters, bandslicer, dough funnels and dough dividers. It is also used as an bio release agent for all baking moulds and -trays.

neutral smell and taste

low- viscosity release agent

no need for declaration

continuous quality controls
